## **Quote from Coach:**

**"I coach because I hope to help players find meaning and passion in the game. Soccer has been a special part of my life and I want others to have that as well. I find it important for players to understand when they make a mistake to find a solution the next time around, rather than just give up. It is very rewarding to see the improvements players & teams have made at the end of the season compared to where they started."**
